UNVEIL THE BEAUTY OF NATURE

When you choose **Natural Stone**, you are choosing a naturally formed product that features unique movement, veining and size. These qualities transform your space into a one-of-a-kind area of luxury. Collections featuring a vast palette of neutral tones in beige, brown, taupe, grey, black and white to more bold selections to make your space as unique as you.

- Marble
- Granite
- Soapstone
- Limestone
- Travertine

		RESISTANCE					SEALING REQUIRED	MAINTENANCE	PROS	CONS	
		PRICE	STYLE	CHIPS	HEAT	STAIN					SCRATCHES
NATURAL STONE SLAB	MARBLE	\$\$\$\$	YES	YES	Veining details and superior characteristics Widely available	Prone to scratching, etching & staining Requires annual sealing
	GRANITE	\$\$\$	YES	YES	Affordable luxury Wide range of colors and patterns Durable and long lasting Easy care	Lacks uniformity for those who desire consistency May stain if not properly sealed and cleaned regularly
	LIMESTONE	\$\$\$	YES	YES	Neutral and elegant, fits in most design styles, coordinating tile often available	Easily scratched, porous (prone to staining if not maintained well), does not handle heat well, sensitive to acids
	SOAPSTONE	\$\$\$	NO	YES	Naturally chemical resistant, style versatility, non-porous	Scratches and chips easily (scratches easily disguised with regular oiling)
	TRAVERTINE	\$\$	YES	YES	Affordable, classic look, widely available	Limited design versatility, sensitive to acids, porous, sensitive to heat

TORREON T711
3/4" (2cm) & 1-1/4" (3cm) – Polished & Honed

NOTES

Natural stone products inherently lack uniformity and are subject to variation in aesthetics (color, shade, finish, etc.) and performance (hardness, strength, slip resistance, etc.). Natural stone products do not meet minimum coefficient of friction thresholds recommended by safety standard setting organizations. Check local building codes prior to specification or installation to verify that product technical characteristics comply with required parameters. Final selection should be made from actual tiles and trim, and not from tile and trim samples or color reproductions. Manufactured in accordance with ANSI A137.1 standards.

The existence and dimensions of a bevel may vary from lot to lot. Be sure to request a sample of the specific lot you are planning to order, if the bevel is an important feature of your job.

For additional information and technical information, refer to "Stone Usage Guide" at daltile.com/sug.
